Berlin, Germany, October 2009 ♡

It's early in the cold morning and 31 people drag to the big, warm room, somewhere in Berein... We are wearing jackets, scarfs and boots, with our teas and coffees ☕. Different faces, multi cultural 😊 backgrounds, diverse lives and languages: Romania, Poland, Greece, Italy, Germany, Portugal, Slovakia! We have gathered to work together and try to create our **OWN** comic book! Just like that! Out of nothing! So, among hundreds comic books, the warm atmosphere and perfect organisation that Chryssa + Anne arranged for us and the experienced eye of Aye, we took off... Colours, papers, ideas, memories, laughers, thoughts, discussions, pictures, personal statements, figures + shadows were born! Three (3) days later, many coffees - and after some magic spells - "traramama!" ✨ the lines and inks came to life et voila! → our own comic book!

And you know something? It was **FUN** HA HA HA!
And you know why? Because we saw that 31 people - with a totally different past, point of view, language and probably future - made it!
We shared working spaces, rooms, clothes, feelings, and strips from our favourite comix and ... we **BROKE** the borders! ♡ ♡

Great ^{comic} heroes - animals, aliens, spies, punk barbies - will wake up every night, escape from the pages of this book and fly away to spread some of our energy! ✨ ✨ ✨ ✨ ✨ ✨ ✨ ✨ ✨ ✨

x x x

But anyway...

JUST HAVE FUN + SMILE 😊!
